## IMPORTANT INFORMATION

### Certification of Documents

Certified copies are copies of original documents that are signed and 'certified' as being true and correct copies of the originals by an authorised person.

Certifying a document takes just three easy steps:

1. Take a photocopy of the original document (e.g. power of attorney).
2. Take both the original document and the photocopy to an authorised person who can certify.
3. Get the authorised person to stamp or write on each page of the photocopied document 'I certify this to be a true copy of the document shown and reported to me as the original', followed by their signature, full name, qualification, registration number (if applicable) and the date.

The original document must be current (i.e. valid and not expired) and the copy must have been certified in the last three months prior to being received by Student Super Professional Super.

Student Super Professional Super reserves the right to request additional certified documents where required.

People who can certify your documentation include:

- Teacher employed on a full-time basis at a school or tertiary education institution.
- Healthcare professional such as medical practitioner, nurse, pharmacist, dentist, optometrist, chiropractor, physiotherapist or psychologist.
- Justice of the peace.
- Police officer.
- Legal practitioner.
- Member of a professional accounting association.
- Permanent employee of Australia Post with two or more years of continuous service who is employed in an office supplying postal services to the public.
